2018 Ram 1500 Named to Autotrader's Best Interior List

- Ram 1500 honored as only pickup in Autotrader's 10 Best Car Interiors Under \$50,000 for 2018

March 1, 2018, Auburn Hills, Mich. - The [2018 Ram 1500](#) today was named to Autotrader's annual 10 Best Car Interiors List.

Every year, Autotrader's editors thoughtfully review the latest models for their 10 Best Car Interiors Under \$50,000. For 2018, the Ram 1500 takes one of the coveted spots as the only pickup truck to make the list.

"Ram trucks have earned a reputation for long-lasting reliability, hard-working capability, comfort and refinement," said Mike Manley, Head of Ram Brand – FCA. "We are pleased that the Ram 1500 has been recognized among the industry's best interiors, and proud to be the only truck to earn this distinction."

Editors rate interiors on comfort, quality of materials and logic of use to help consumers find the top vehicle choices that recognize the importance of quality interior design.

"What's on the inside of a car is arguably as important as what's on the outside, since drivers and passengers spend all their travel time here," said Tara Trompeter, managing editor for Autotrader. "Although there's an all-new, fully redesigned 2019 Ram set to debut soon, we're still smitten with the interior in the outgoing 2018 model. As you escalate through the Ram's trim levels, the interior improves, with some top-end models offering luxury car levels of comfort and sophistication."

Pioneering features, technologies and individual interior themes are combined with rich colors and uniquely exceptional materials to give Ram 1500 customers a premium feel that stays true to the hardy nature of a Ram truck. With points of contact a priority, soft-touch materials enhance armrests and upper bolsters with expanded use of premium surfaces. The award-winning 8.4-inch Uconnect system features background screens tailor-made to specific Ram models and themes.
