Back-to-back Champs: MotorTrend Names Ram Heavy Duty 2020 Truck of the Year®

- Ram Heavy Duty named MotorTrend 2020 Truck of the Year®
- Award recognizes both Ram 2500 and 3500 models
- Ram Truck celebrates second consecutive MotorTrend Truck of the Year award after 1500 earned the title last year
- In 10 years since Ram Truck has become a standalone brand, it has earned the title of MotorTrend Truck of the Year five times

November 18, 2019, Auburn Hills, Mich. - MotorTrend has named the [Ram Heavy Duty](#) its 2020 Truck of the Year®. As voted on by the editors of the automotive publication, the Ram Heavy Duty's win is the second in as many years for the brand with the Ram 1500 earning the 2019 Truck of the Year title last year.

Since becoming a standalone brand a decade ago, Ram Truck has captured MotorTrend's Truck of the Year title five times: 2010, 2013, 2014, 2019 and 2020.

MotorTrend's "Of the Year" award recognizes the best vehicles representing exceptional value, superiority in their classes and impact on the automotive scene. This accolade is one of the most coveted automotive industry awards and represents the pinnacle of an extremely competitive segment.

"The new Ram Heavy Duty makes a powerful statement about our company and the Ram Truck brand," said Reid Bigland, Head of Ram Brand. "In a brutally competitive truck industry, earning MotorTrend's Truck of the Year title in consecutive years reaffirms the fact that we have the best light- and heavy-duty trucks on the road today."

MotorTrend's "Of The Year" program is open to any all-new or substantially upgraded 2020 model-year vehicles. Instead of being compared against one another, contending vehicles are first put through MotorTrend's full battery of performance tests to evaluate virtually every aspect of each vehicle. All competitors are then evaluated on three separate courses at a professional automotive test center before finalists are selected.

"Ram Heavy Duty is MotorTrend's 2020 Truck of the Year because it delivers unmatched performance, capability and style to the ultracompetitive truck segment," said MotorTrend Editor-in-Chief Edward Loh. "Engineered for work and play, Ram 2500 and 3500 reward true truckers with unflappable powertrains, sumptuous, high-tech interiors and a range of thoughtful utility features. Congratulations to Ram for back-to-back Truck of the Year wins."

After weeks of testing conclude, the judges determine which vehicles will be given "Of the Year" titles. The winners are not chosen from a direct comparison against other finalists, but instead a result of how each contender measured against the award's six criteria: design advancement, engineering excellence, efficiency, safety, value and performance of intended function.

A full report on MotorTrend's comprehensive testing will be featured on [MotorTrend.com](#) and in the January 2020 issue of MotorTrend.

About Ram Heavy Duty

The Ram Heavy Duty blends extreme performance and towing capability with the segment's most refinement and operator comfort features. The 2020 Ram Heavy Duty offers a towing capacity of 35,100 pounds and a payload capacity of 7,680 pounds. Driving it all, the pickup segments first 1,000 lb.-ft. of torque engine; the Cummins I-6 Turbo Diesel. The new Ram Heavy Duty also sets benchmarks in comfort, luxury materials, innovation and technology

extending well past any competitive offerings. Class-leading ride and handling is accomplished via a class-exclusive link-coil rear (2500) suspension system with optional rear air suspension (2500 and 3500). Giving maximum effort all day, every day with confidence, the Ram Heavy Duty line of pickup trucks steps forward with the full force of modern capability.

Ram Truck Brand

In 2009, the Ram Truck brand launched as a stand-alone division, focused on meeting the demands of truck buyers and delivering benchmark-quality vehicles. With a full lineup of trucks - the Ram 1500, 2500/3500 Heavy Duty, 3500/4500/5500 Chassis Cab and ProMaster - the Ram brand builds trucks that get the hard work done and families where they need to go.

Ram continues to outperform the competition and sets the benchmark for:

- Best-in-class standard horsepower
- Segment-first 1,000 lb.-ft of torque with Cummins Turbo Diesel
- Most luxurious: Ram 1500 Tungsten with real metal and leather elements and a new 14.5-inch Uconnect touchscreen
- Best ride and handling with a double wishbone front suspension and five-link solid rear axle with available, segment-exclusive, active-level, four-corner air suspension
- Best-in-class available rear leg room
- The most cargo space available in any traditional full size cargo van
- Most capable full-size off-road pickup – Ram Power Wagon
- Most awarded light-duty truck in America
- Highest owner loyalty of any half-ton pickup

The latest [J.D. Power APEAL study](#), which rates the emotional bond between customers and their vehicles, named the 2023 Ram 1500 as the best full-size light-duty pickup.

Ram is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit www.stellantis.com.
