Ram 1500 Named to Car and Driver's 10Best Vehicles for Fourth Consecutive Year

- Ram 1500 lineup earns the award for the fourth consecutive year and is the only pickup on the list for the third consecutive year
- Car and Driver evaluates each contender versus its peers using a 100-point scale, basing each score on intended purpose, value and vehicle operation
- Ram Truck offers a full lineup focused on meeting the demands of truck buyers and delivering benchmark-quality vehicles

November 17, 2021, Auburn Hills, Mich. - Car and Driver has named the [2022 Ram 1500](#) to its 10Best vehicle list for 2022. This marks the fourth consecutive year the Ram 1500 has earned this prestigious award. Previous winners were invited to defend their crown and the new 2022 Ram 1500 Limited 10th Anniversary and 2022 Ram 1500 TRX were submitted for evaluation. The award applies to the entire Ram 1500 lineup, the only pickup truck to secure a spot on this list for a third consecutive year.

Car and Driver evaluates each contender versus its peers using a 100-point scale, basing each score on how well it meets its intended purpose, how good a value it is and how compelling it is to operate. This award recognizes the smartest, most entertaining cars, trucks, SUVs and vans on sale today. Vehicles are judged with an emphasis on value, mission fulfillment and if they're fun to drive.

"Making the list for the fourth consecutive year – the third consecutive year as the only pickup truck – the Ram 1500 continues to be shockingly quiet and is still hands-down the best driving pickup truck," said Sharon Silke Carty, editor-in-chief, Car and Driver. "There's great breadth to the lineup, every model accomplishes any task thrown at it. We really appreciate all the work the Ram team has done to make it enjoyable to drive."

This is the fourth year in a row Ram 1500 – the most awarded light-duty truck in America – has been named to Car and Driver's 10Best. This year's list marks the third consecutive time the Ram 1500 earned a spot as the only truck.

"Earning a spot on Car and Driver's 10Best vehicle list validates our long-standing commitment to our customers through advanced technology and engineering expertise," said Mike Koval Jr., Ram brand CEO - Stellantis. "We are honored to be the only pickup truck on this list for the third year in a row and express our gratitude to the Car and Driver editors for recognizing Ram 1500 as the best-driving pickup truck available today."

For the fourth consecutive time, Car and Driver combined 10Best Cars and 10Best Trucks and SUVs into a single list — 10Best for 2022, which appears in the magazine's January issue.

Car and Driver's 10Best winners represent the smartest, most entertaining vehicles customers can buy today. They are picked after an exhaustive evaluation of this year's new or significantly refreshed models, as well as last year's defending 10Best honorees. For two weeks, Car and Driver editors drove, measured, tested and scrutinized more than 70 cars, trucks, SUVs and vans.

To earn a 10Best win, a vehicle must prove itself against contenders as diverse as the automotive industry. Car and Driver's criteria remain the same: every winner must deliver exceptional driving engagement, offer indisputable value and/or practicality and fulfill its mission better than any of its competition.

Any vehicle with a base price higher than \$90,000 is excluded from consideration, based on the editors' belief that an oversize price should guarantee excellence.

Ram Truck Brand

In 2009, the Ram Truck brand launched as a stand-alone division, focused on meeting the demands of truck buyers and delivering benchmark-quality vehicles. With a full lineup of trucks - the Ram 1500, 2500/3500 Heavy Duty, 3500/4500/5500 Chassis Cab and ProMaster - the Ram brand builds trucks that get the hard work done and families where they need to go.

Ram continues to outperform the competition and sets the benchmark for:

- Best-in-class standard horsepower
- Segment-first 1,000 lb.-ft of torque with Cummins Turbo Diesel
- Most luxurious: Ram 1500 Tungsten with real metal and leather elements and a new 14.5-inch Uconnect touchscreen
- Best ride and handling with a double wishbone front suspension and five-link solid rear axle with available, segment-exclusive, active-level, four-corner air suspension
- Best-in-class available rear leg room
- The most cargo space available in any traditional full size cargo van
- Most capable full-size off-road pickup – Ram Power Wagon
- Most awarded light-duty truck in America
- Highest owner loyalty of any half-ton pickup

The latest [J.D. Power APEAL study](#), which rates the emotional bond between customers and their vehicles, named the 2023 Ram 1500 as the best full-size light-duty pickup.

Ram is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit www.stellantis.com.
