Ram Shares New Images That Preview Upcoming Ram 1500 BEV Pickup Truck

March 2, 2022, Auburn Hills, Mich. - Ram recently announced the [Ram Revolution](#), an exclusive insider program that invites fans to join the brand on its journey to revolutionize the pickup truck market again. Yesterday, as Stellantis shared its long-term [strategic plan](#), two images were shown that provide a preview of the new Ram 1500 battery-electric vehicle (BEV) pickup truck arriving in 2024. Ram will offer fully electrified solutions in the majority of its segments by 2025, and a full portfolio of electrified solutions for all of its segments no later than 2030.

Ram Truck Brand

In 2009, the Ram Truck brand launched as a stand-alone division, focused on meeting the demands of truck buyers and delivering benchmark-quality vehicles. With a full lineup of trucks - the Ram 1500, 2500/3500 Heavy Duty, 3500/4500/5500 Chassis Cab and ProMaster - the Ram brand builds trucks that get the hard work done and families where they need to go.

Ram continues to outperform the competition and sets the benchmark for:

- Best-in-class standard horsepower
- Segment-first 1,000 lb.-ft of torque with Cummins Turbo Diesel
- Most luxurious: Ram 1500 Tungsten with real metal and leather elements and a new 14.5-inch Uconnect touchscreen
- Best ride and handling with a double wishbone front suspension and five-link solid rear axle with available, segment-exclusive, active-level, four-corner air suspension
- Best-in-class available rear leg room
- The most cargo space available in any traditional full size cargo van
- Most capable full-size off-road pickup – Ram Power Wagon
- Most awarded light-duty truck in America
- Highest owner loyalty of any half-ton pickup

The latest [J.D. Power APEAL study](#), which rates the emotional bond between customers and their vehicles, named the 2023 Ram 1500 as the best full-size light-duty pickup.

Ram is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit www.stellantis.com.
