April 6, 2022, Auburn Hills, Mich. - Chrysler is "paws-ing" to profess its love for furry family members with National Pet Day just around the corner on April 11. The brand is highlighting pet-appropriate features and available Mopar accessories that make the Chrysler Pacifica the "purr-fect" home away from home for four-legged passengers.

Pet-friendly features of the [2022 Chrysler Pacifica](#), which earned a [TOP SAFETY PICK+](#) rating from the Insurance Institute for Highway Safety (IIHS) and is the most awarded minivan over the last six years, include:

- **Rear-seat reminder:** New for 2022 and standard on Pacifica, the rear-seat reminder recognizes when rear doors are opened and closed prior to ignition start, then alerts the driver with a chime and cluster message after trip completion to check rear seats for passengers and pets
- **FamCAM interior camera:** Provides a view of occupants in the rear and even allows those up front to zoom in to keep a watchful eye on precocious pets
- **Stow 'n Go seating:** The only minivan with available all-wheel drive and Stow 'n Go seating, plus second- and third-row seats fold flat into the floor, providing ample space for pet kennels or for pets to roam when the vehicle is in park
- **Stow 'n Go in-floor storage bins:** Pet food or accessories can be stored under the floor and out of sight
- **Stow 'n Vac:** Pets can be messy — Pacifica's available Stow 'n Vac system offers easy interior clean ups
- **Hands-free sliding doors/liftgate:** Hands-free access to the Pacifica is as simple as a kick under the door or liftgate, making it easier to juggle pets and personal items when entering the vehicle
- **Pet kennel:** Lightweight Mopar pet kennel allows for safe transportation of pets and folds flat when not in use

Chrysler Brand

The Chrysler brand has delighted customers with distinctive designs, craftsmanship, and advanced innovation and technology since the company was founded in 1925. Chrysler continues to build on that nearly 100-year legacy of creating ingenious products and technologies for mainstream customers, moving forward on an electrified transformation that will launch the brand's first battery-electric vehicle in 2025 and an all-electric portfolio in 2028.

The Chrysler Pacifica continues to reinvent the minivan, a segment Chrysler created 40 years ago. The Chrysler Pacifica Plug-in Hybrid symbolizes the brand's electrification evolution, representing the first electrified minivan in the segment and achieving 82 MPGe, an all-electric range of 32 miles and a total range of 520 miles. Chrysler Pacifica delivers the most standard safety features and most advanced available all-wheel-drive system in its class and is also the most awarded minivan over the last seven years with more than 175 honors and industry accolades since its introduction as a minivan.
