

New Chrysler Pentastar V-6 Engine Earns "Ten Best" Kudos from *Ward's Automotive*

- Newest Chrysler engine recognized by the Editors of *Ward's Automotive* as one of the "Ten Best" for 2010
- Pentastar 3.6-liter V-6 cited for exceptional fuel economy, emissions and power
- New engine destined to be workhorse in many Jeep®, Chrysler, Dodge and Ram Truck vehicles

December 6, 2010, Auburn Hills, Mich. - Chrysler Group LLC Powertrain's newest engine, the Pentastar 3.6-liter V-6, has been recognized by *Ward's Automotive* as one of the "Ten Best" engines for 2010.

Introduced in the 2011 Jeep® Grand Cherokee, the new engine will soon be available in 10 vehicles across the 2011 product line-up, including Chrysler 200, 300 and Town & Country, and Dodge Avenger, Challenger, Charger, Durango, Journey and Grand Caravan. By 2014, the new Pentastar V-6 is expected to account for more than one-third of the powertrains in the Chrysler Group product line-up and will substantially contribute to achieving an overall corporate fuel efficiency improvement of 25 percent.

"We designed the new Pentastar 3.6-liter V-6 to meet a variety of requirements in terms of fuel efficiency and power for passenger cars, minivans and sport utilities," said Bob Lee, vice president of engine engineering and advanced propulsion systems for Chrysler Group LLC. "Already we are looking forward to adapting future technologies to the Pentastar V-6 as they become available for even more fuel efficiency and performance"

"Every year, *Ward's Automotive* recognizes the industry leaders in engine technology," said Drew Winter, editor at *Ward's Automotive*. "The new Pentastar delivers on all fronts, including fuel economy, lower emissions and power."

Slated to be Chrysler's new workhorse V-6, the new 3.6-liter Pentastar will replace seven current V-6 engines ranging in displacements from 2.7 - 4.0-liters by 2013.

About Chrysler Group LLC

Chrysler Group LLC, formed in 2009 from a global strategic alliance with Fiat Group, produces Chrysler, Jeep®, Dodge, Ram and Mopar vehicles and products. With the resources, technology and worldwide distribution network required to compete on a global scale, the alliance builds on Chrysler's culture of innovation - first established by Walter P. Chrysler in 1925 - and Fiat's complementary technology - from a company whose heritage dates back to 1899.

Headquartered in Auburn Hills, Mich., Chrysler Group LLC's product lineup features some of the world's most recognizable vehicles, including the Chrysler 300, Jeep Wrangler and Ram Truck. Fiat contributes world-class technology, platforms and powertrains for small- and medium-size cars, allowing Chrysler Group to offer an expanded product line including environmentally friendly vehicles.
