

The Jeep® Brand: Freedom, Authenticity, Adventure and Passion

New 2014 Grand Cherokee delivers legendary Jeep® strength and capability in an even more premium, fuel-efficient package

January 14, 2013, Auburn Hills, Mich. - For nearly three-quarters of a century, the Jeep® brand has been closely linked with the ideas of freedom, authenticity, adventure and passion:

- **Freedom:** Jeep vehicles have long been known as the “original fun and freedom machines,” those that “go anywhere and do anything.” And from its beginning, freedom was at the forefront of the Jeep brand, given the role Jeep vehicles played in World War II
- **Authenticity:** Being true to its heritage with an unwavering commitment to leading capability and strength engineered into all Jeep vehicles
- **Adventure:** Doers, dreamers, discovery and “going anywhere, doing anything”
- **Passion:** Enthusiasm held by Jeep team members and vehicle owners for the unique lifestyle and vehicles offered by the Jeep brand

The Jeep Grand Cherokee was introduced in 1992 and has been delivering these attributes ever since. With more than 5 million sales since, the 2014 Grand Cherokee continues to remain true to the brand while providing consumers even more legendary capability with unprecedented levels of craftsmanship, premium on-road performance and fuel efficiency.

2014 Jeep Grand Cherokee demographics

Jeep Grand Cherokee customers are without question adventurous in nature but want a combination of reliability, safety and security, premium style and sophisticated ride and handling in their vehicle.

Since the introduction of the current platform, Grand Cherokee customers have been more and more attracted to the premium end of the vehicle lineup. Those customers are more affluent and are attracted to the Jeep brand’s reputation. They want a comfortable SUV that provides a step above most others. Recognition is important to them.

Jeep Grand Cherokee buyers are approximately 60 percent male and 40 percent female, with a median age of 45 years – slightly below the full-size SUV average of 49 years. Approximately 70 percent have college degrees while 80 percent are married and 35 percent have children. Median household income is \$125,000 overall, and \$175,000 for the Grand Cherokee Summit buyers.

It's not unusual to see Jeep vehicles sporting a bumper sticker that reads, "It's a Jeep thing...you wouldn't understand."
