FCA Canada: Dodge Announces Police Enforcer Version of 2018 Durango

May 16, 2018, Windsor, Ontario - Dodge is expanding its police vehicle lineup, adding a new Enforcer version of its Dodge Durango.

“Unofficial testing results at the Michigan State Police 2018 model-year vehicle evaluation event created such a stir among law enforcement agencies that we simply had to find a way to build this vehicle,” said Steve Beahm, Head of Passenger Car Brands, Dodge//SRT, Chrysler and FIAT – FCA North America. “The Dodge Durango is already known as the Charger of SUVs, so it is only natural that the new Durango Enforcer complements the Charger Enforcer in police fleets across the country.”

The 2018 Dodge Durango Enforcer is powered by the legendary 5.7-litre HEMI® V-8, coupled with a full-time, active all-wheel-drive (AWD) system. This is the same powertrain combination available in the Dodge Charger Enforcer. The Durango Enforcer also offers a two-speed transfer case for true low-range off-road capability and incorporates larger, heavy-duty anti-lock brakes that deliver a 96 km/h (60-0 mph) stopping distance of 40.8 metres (134 feet).

Other notable standard features of the 2018 Dodge Durango Enforcer include:

- 5.7L V-8 HEMI with Fuel Saver Technology delivers best-in-class horsepower (360) and torque (390 lb.-ft.)
- Eight-speed automatic transmission delivers quick shifts and improved fuel economy
- Standard AWD enhances driver confidence by leveraging the SUV's 50/50 weight distribution
- Segment's longest wheelbase 304 cm (119.8 inches) provides added stability and improved handling
- Best-in-class 3266 kg (7,200 lb.) towing capability
- 205.7 mm (8.1 inches) of ground clearance
- ParkView rear backup camera with ParkSense alert
- Eight-way power adjusting driver seat controls
- Air conditioning with air filtration
- Under-vehicle mount for spare tire, maximizing interior cargo space and accessibility
- Class-exclusive, K-9 friendly Tri-Zone interior temperature control
- Trailer sway control
- Spot lamp wiring prep package
- 220-amp alternator
- 800 cold cranking amp (CCA) battery
- Heavy-duty oil cooler and water pump
- Power locking fuel filler door

The new 2018 Dodge Durango Enforcer V-8 AWD is available for order for a limited time. For more information, law enforcement agencies should contact FCA Canada Fleet.

About Dodge//SRT

Dodge//SRT offers a complete lineup of performance vehicles that stand out in their own segments. Dodge is FCA North America's mainstream performance brand, and SRT is positioned as the ultimate performance halo of the Dodge brand, together creating a complete and balanced performance brand with one vision and one voice.

For more than 100 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge, who founded the company in 1914. Their influence continues today. New for 2018, the 840-horsepower Dodge Challenger SRT Demon, the fastest quarter-mile production car in the world and most powerful muscle car ever, is taking the world by storm, along with the new 2018 Dodge Durango SRT, North America's fastest, most powerful and most capable

three-row SUV, and the 707-horsepower Dodge Challenger SRT Hellcat Widebody. These new SRT ultimate performance models join a brand lineup that includes the Durango, Grand Caravan, Journey, Charger and Challenger, including the 707-horsepower Challenger SRT Hellcat and the Charger SRT Hellcat, the quickest, fastest and most powerful sedan in the world.

FCA Canada

Founded as the Chrysler Corporation in 1925, FCA Canada Inc. is based in Windsor, Ontario, and celebrates its 97th anniversary in 2022. FCA Canada is a wholly owned subsidiary of FCA, a North American automaker based in Auburn Hills, Michigan and member of the Fiat Chrysler Automobiles N.V. (FCA) family of companies. FCA Canada has approximately 440 dealers that sell Chrysler, Dodge, Jeep®, Ram, FIAT and Alfa Romeo products, as well as SRT performance products. The company also distributes Mopar and Alfa Romeo parts and accessories. In addition to its assembly facilities, which produce the Chrysler Pacifica, Chrysler Pacifica Hybrid, Chrysler Voyager and Chrysler Grand Caravan (Windsor) and Chrysler 300, Dodge Charger and Dodge Challenger (Brampton), FCA Canada operates an aluminum casting plant in Etobicoke, a research and development centre in Windsor, and has sales offices and parts distribution centers throughout the country.
