for 2021 with new aggressive exterior styling, a new interior with a Challenger-inspired driver-centric cockpit, five-times-faster Uconnect 5 on the largest-in-class available 10.1-inch touchscreen.

The Challenger and Charger muscle car exteriors are reflected in the Durango's new, aggressive exterior, which features a new front fascia, LED low/high projector headlamps, LED daytime running lamp (DRL) signatures, grille, rear spoiler and wheels.

The Durango interior is significantly upgraded for the 2021 model year with a new performance-inspired cockpit, including a redesigned instrument panel, center console and front doors, and five-times-faster Uconnect 5 with the largest-in-class available 10.1-inch touchscreen. With all of the updates, the interior feels more driver-oriented, modern and refined than the outgoing model.

The new Tow N Go Package on the 2021 Durango R/T AWD leverages its 5.7-liter HEMI® V-8 engine performance, SRT's menacing looks, unmatched best-in-class towing of 8,700 pounds, an improved top speed of 145 mph, Track, Sport, Snow and Tow drive modes and SRT-tuned performance exhaust with an iconic Dodge exhaust rumble.

The 2021 Durango Citadel is the all-in luxury trim of the Durango lineup, delivering many premium features as standard equipment, including heated and ventilated Nappa leather driver and passenger seats, the full suite of safety features and more. The Citadel offers two powertrain options, both of which include class IV towing with integrated trailer brake as standard equipment:
